DUTIES

An Electrical Engineering Associate performs professional electrical engineering work in the preparation of designs, plans, specifications, engineering economic and cost analysis studies, schedules, contracts and reports for electrical systems and equipment, buildings and marine facilities and equipment; conducts quality assurance and safety testing, inspection, and research activities; provides technical direction in the licensing, design, construction, installation, maintenance, and operation of a wide variety of electrical systems and equipment; may perform code enforcement functions relating to designs and specifications of electrical installations and equipment approval; and does related work.

REQUIREMENTS

1. Graduation from an accredited four-year college or university with a degree in engineering, which includes at least 24 semester units or 36 quarter units of electrical engineering courses; **or**
2. Possession of a valid Engineer-In-Training Certificate recognized by the State of California Board for Professional Engineers, Land Surveyors, and Geologists.

NOTES:

1. **In addition to the regular City application, all candidates must complete the Electrical Engineering Associate Qualifications Questionnaire at the time of filing. The Electrical Engineering Associate Qualifications Questionnaire is located within the Supplemental Questions of the City Application. Applicants who fail to complete the Qualifications Questionnaire will not be considered further in this examination and their application will not be processed.**
2. College seniors who are within six months of graduation from an accredited four-year college or university may apply. However, you cannot be appointed until you have completed all your course work, including the 24 semester units or 36 quarter units described in Requirement No. 1.
3. **You may take the Electrical Engineering Associate interview only once every 365 days. If you have taken the Electrical Engineering Associate interview in a campus environment, a special recruitment event, or during an open filing period in the Personnel Department within the last 12 months, you may not file for this examination at this time.**
4. Some positions may require a valid California driver's license. Candidates may not be eligible for appointment to these positions if their record within the last 36 months reflects three or more moving violations and/or at-fault accidents, or a conviction of a major moving violation (such as DUI).
5. Applicants filing under Requirement No. 1 must indicate the engineering courses completed and include the name of the school, course credit earned, and grade received in the Supplemental Questions Section of the on-line application. Applicants who fail to do so will not be considered further in this examination and their applications will not be processed.
6. Applicants filing under Requirement No. 2 must list their Engineer-in-Training (EIT) Certificate number in the Supplemental Questions Section of the on-line application. At the time of appointment, candidates must submit to the department which appoints them verification of their EIT certification.
7. Appointments will be made to temporary training positions in accordance with Section 5.30 of the Rules of the Board of Civil Service Commissioners for a maximum duration of three years. In order to successfully complete the temporary training period, new appointees must obtain their Engineer-in-Training (EIT) Certificate within three years. New appointees who do not successfully complete the temporary training period will be terminated from the class.
8. Please note that qualifying education must be from a college or university accredited by a City of Los Angeles recognized agency. A list of approved accrediting agencies can be found at <http://per.lacity.org/Accredited%20Institutions%2008-21-08.pdf>.
9. Candidates completing the exam process will be contacted by the Personnel Department to provide required proof of qualifying degree.

QUALIFICATIONS REVIEW

Should a large number of qualified candidates file for this examination, each candidate's qualifications for the position of Electrical Engineering Associate may be evaluated based on the candidate's Qualifications Questionnaire. Those candidates considered possessing the greatest likelihood of successfully performing the duties of a Electrical Engineering Associate based solely on the information submitted for qualifications review will continue in the selection process.

SELECTION PROCESS

Examination Weight: Interview 100%

The examination will consist entirely of an evaluation of professional and personal qualifications by the interview. In the interview, emphasis will be placed on the candidates' experience and training as it relates to the knowledge of: the principles and practices of electrical engineering as applied to the planning, design, construction, operation, maintenance, testing and research activities of a water and power utility or other types of facilities; safety principles and practices pertaining to the planning, design, construction, operation, maintenance, testing, and research activities related to electrical engineering; power system analysis to insure system integrity; the inherent dangers associated with electrical systems or components, as they relate to the prevention of personal injuries and fire hazards; the ability to: apply the laws of physics to solve a variety of engineering problems; apply mathematics through calculus to perform the necessary engineering calculations; read and interpret a variety of plans and drawings used in electrical engineering work, including schematic drawings, wiring diagrams and construction plans; deal tactfully and effectively with employees of the department and other City departments, manufacturers, contractors, the public and representatives of governmental agencies and utilities; communicate orally in a clear and effective manner on a one-to-one basis for the purpose of providing and obtaining information, explaining methods and procedures, and to persuade; work as part of a team; and other necessary skills, knowledge, and abilities.

The Qualifications Questionnaire will not be separately scored, but will be considered by the interview board in evaluating each candidate's qualifications. Candidates may expect the interview panel members to discuss this information during the interview. Qualifications Questionnaires submitted by candidates on the day of the interview will not be accepted for presentation to the interview board.

Candidates will be notified by e-mail of the date, time, and location of the interview, which will be held in Los Angeles. It is anticipated that interviews will begin during the period of **JULY 20, 2015 TO JULY 31, 2015**.

NOTES:

1. This examination is based validation study.
2. Your rank on the employment list may change as the scores of candidates from other administrations of this examination are merged onto one list.
3. Applications are accepted subject to review to ensure that minimum qualifications are met. Candidates may be disqualified at any time it is determined that they do not possess the minimum qualifications stated on this bulletin.
4. A final average score of 70% is required to be placed on the eligible list.
