DUTIES

A Machinist Supervisor assigns, reviews and evaluates Machinists, other craft workers, and helpers engaged in cutting and shaping metals and other materials, in the construction, assembly, installation, or repair of various types of machinery, equipment, tools, and dies; applies sound supervisory principles and techniques in building and maintaining an effective work force, and fulfills Equal Employment Opportunity responsibilities.

REQUIREMENT

Four years of full-time paid experience as a journey-level machinist.

NOTES:

1. In addition to the regular City application, all applicants must complete a Machinist Supervisor Qualifications Questionnaire at the time of filing. The Machinist Supervisor Qualifications Questionnaire is located within the Supplemental Questions section of the City application. Applicants who fail to complete the Qualifications Questionnaire will not be considered further in this examination and their application will not be processed.
2. Applicants who lack six months or less of the required experience may file for this examination. However, they cannot be appointed until the full experience requirement is met.
3. Some positions may require a valid California Class C and/or Class B driver's license. Candidates may not be eligible for appointment to these positions if their record within the last 36 months reflects three or more moving violations and/or at-fault accidents, or a conviction of a major moving violation (such as DUI). For positions requiring a valid Class B driver's license, candidates must submit a commercial driving history in accordance with the California Department of Motor Vehicles CVC Section 1808.1.

AN EQUAL EMPLOYMENT OPPORTUNITY EMPLOYER

APPLICATION DEADLINE

Applications must be received by **THURSDAY, DECEMBER 31, 2015.**

SELECTION PROCESS

Examination Weight: Essay **Advisory**
Interview..... **100%**

The examination will consist entirely of an evaluation of training, experience and personal qualifications by interview. In the interview, emphasis may be placed on the candidate's training and experience as they have prepared the candidate to supervise a crew of machinists, other craft workers and helpers doing precision mechanical work, including knowledge of: shop terminology, tools and practices of machinists and other related trades used to cut and shape metal and other materials for the fabrication and repair of various types of machinery and equipment; forging and heat-treating metals and alloys sufficient to obtain the specified shape and physical properties; physical properties and uses of materials, equipment, tools, and testing used to determine acceptability; rigging practices used to lift heavy equipment, machines, and materials; inspection procedures to determine extent and method of repairs to engines, turbines, pumps, compressors, valves, pneumatic tools, fans, blowers, jigs and fixtures, dies, special equipment and their component parts; safety principles and practices, including Cal-OSHA regulations and departmental shop safety practices; City departments' organization and functions, policies and working rules required for the coordination, scheduling and administration of machinist and other trade work; supervisory principles and practices including assigning work, evaluating performance, scheduling, coordinating, training and motivating subordinates; pertinent City and Personnel Department rules, policies, and procedures including Equal Employment Opportunity and Memoranda of Understanding; and the ability to supervise a variable-sized crew of machinists and other craft workers; determine practical methods and procedures for installing, repairing, and overhauling various "types" of machines and equipment; reference and interpret various blueprints, drawings, sketches, codes, manuals, City and department rules, handbooks, and manufacturers' specifications; use shop mathematics including algebra, geometry, plane trigonometry, and metric conversions necessary to repair and fabricate machine parts and equipment; set up and operate precision power machines, shop equipment, precision measuring tools, and hand tools of the machinist trade for the purpose of demonstrating proper methods and practices; dismantle, repair, assemble various engines, turbines, apparatus, pumps, and equipment; use computers and basic software programs; communicate both orally and in writing sufficient to obtain and give information, explain methods, or persuade others in a clear concise and effective manner; deal tactfully and effectively with subordinates, other employees, personnel from private and public agencies and others; and other necessary skills, knowledge and abilities.

At the time of the interview, candidates will be required to prepare some written material relating to the duties of a Machinist Supervisor. This essay material will not be separately scored, but will be presented to the interview board for discussion with the candidate and for consideration in the overall evaluation of the candidate. Candidates who fail to complete the advisory essay will be disqualified. Candidates may anticipate that PCs (personal computers) will be made available to type their advisor essay response.

Candidates will be notified by e-mail of the date, time, and location of the interview, which will be held in Los Angeles. It is anticipated that interviews will begin during the period of **FEBURARY 22, 2016 to MARCH 4, 2016.**
