AN EQUAL EMPLOYMENT OPPORTUNITY EMPLOYER

SELECTION PROCESS

1. **Advisory PRELIMINARY BACKGROUND APPLICATION (PBA) and JOB PREVIEW QUESTIONNAIRE (JPQ):** The PBA includes questions regarding your background so that you can be provided a preliminary assessment of your chance for success in the complete background investigation. The JPQ includes questions designed to help you understand the nature of the work you will be performing as an Airport Police Officer. When you submit your Public Safety online application at https://personline.lacity.org/psb_newsletter/onlineapp/ you will then need to complete the Advisory PBQ and JPQ which must be completed online. Once completed, you will receive immediate results regarding your responses on a confirmation page. Be sure to print the confirmation page and take it with you to the written test site.
2. **PERSONAL QUALIFICATIONS ESSAY (PQE):** This written test requires you to write essays in response to questions regarding demonstration of your personal qualifications for a law enforcement position. Essays will be evaluated based on your reading skill, written communication skill, and demonstrated effectiveness in judgment and decision making and behavioral flexibility. You must read the questions carefully to ensure that your answers are appropriate to the questions. Passing the PQE requires a score of 70% or higher. The score you receive will determine your rank on the hiring list. You may take the PQE once every 6 months. Your score is valid for 18 months.
3. **BACKGROUND INVESTIGATION:** The investigation begins with completion of a Personal History Statement, which requires compilation of extensive biographical information, fingerprinting, and a background interview. The investigation includes checks of employment, police, financial, education, and military records and interviews with family members, neighbors, supervisors, co-workers, and friends. Findings are valid for 12 months. A polygraph examination will be conducted to confirm information obtained during the selection process.
4. **PHYSICAL ABILITIES TEST:** Consists of events designed to measure your strength, endurance, and agility. The PAT consists of two portions. The first portion is taken after placement on the eligible list and is administered at a City facility. The second test portion, which consists of a treadmill test, will be administered usually at the time of the Medical Evaluation. A description of the test will be provided when you are scheduled or upon request. This description is also available on-line at http://per.lacity.org/psb_Safety.htm You may take this test as often as is necessary to pass, and the score is valid for 12 months.
5. **MEDICAL EVALUATION:** Consists of a thorough evaluation by a City physician. It is essential that you be in excellent health, with no conditions that would restrict your ability to safely perform the work of an Airport Police Officer. A cardiac stress test may be required. To remain medically qualified, you must maintain your good health during the period following the medical examination. Medical examination results are valid for up to 12 months, at the discretion of the City's medical staff. Part of the medical evaluation includes a **PSYCHOLOGICAL EVALUATION** by a City psychologist. This evaluation consists of written tests and an individual oral interview. You will be evaluated on the psychological factors related to successful job performance to determine if you are suited for the difficult and stressful occupation of Airport Police Officer. The results of the oral psychological evaluation are valid for 12 months. Your written psychological tests are valid for up to 24 months, at the discretion of the City's psychological staff. For candidate safety, the final portion of the PAT (treadmill test) will be conducted after receiving a medical clearance.
6. **CERTIFICATION AND APPOINTMENT:** Before you can be hired as an Airport Police Officer, you must successfully complete steps 1 through 5 above.
